Subject : **Approval of the Job Aids**

This is in response to your memo dated 1st September 2009, seeking for approval of the job aids which you are proposing to be hanged in all accredited drug shops to act as reminders to drug shop operators of the critical activities that have to be done.

The information has been vetted and established that it is correct and not misleading to the accredited drug shops operators.

Therefore, permission is hereby granted to you to use the job aids for accredited drug shops. It is suggested that the same job aids can be used to aid even none accredited drug shops.

We hope for your continued cooperation in this matter.
